Nancy Guglielmo is currently Senior Vice President, Fraud Reduction Program for BITS at the Bank Policy Institute. Prior to joining BPI, she served as Vice President of the BITS Fraud Reduction Program at FSR where she focused on identifying trends and examining risks associated with current and evolving fraud trends through information sharing forums and collaboration with law enforcement agencies, federal regulators and technology service providers.

Previously, Ms. Guglielmo served in a variety of roles at HSBC including management positions in Fraud Policy, Fraud Strategy, and Privacy and Security. In addition, she worked at Household Credit Services, the Department of the Navy and at AT&T focusing on Information Security, Business Analysis and Network and System Administration.

Ms. Guglielmo has a Master in Business Administration in Finance from Golden Gate University and B.S. in Mathematics from Moravian College.
