The Honorable Patrick McHenry
2004 Rayburn House Office Building
Washington, D.C. 20515

Dear Congressman McHenry,

The Bank Policy Institute appreciates the opportunity to submit the following materials for the Committee's consideration related to the upcoming hearing titled "Digital Assets and the Future of Finance: Examining the Benefits and Risks of a U.S. Central Bank Digital Currency."

Please find a list of publications that the Bank Policy Institute has published on the topic of central bank digital currencies. All publications can be found at www.bpi.com/cbdc.
